

NEI Global Impact Bond Fund

Make impact a core part of your fixed income portfolio.

NEI

Impact

All portfolio securities are selected to address some of the world's major social and environmental challenges, with measurable impact.

Core fixed income

Investment grade portfolio designed to provide risk return profile of core global fixed income.

Competitive price

Cost effective exposure to issuers and secular themes not typically found in traditional fixed income strategies.

Proprietary process to identify impact bonds, based on extensive research and experience

All bonds must fit into one of 11 investment themes grouped under three broad impact categories

All bonds must meet strict eligibility criteria around materiality, additionality and measurability

Bonds are then added to the portfolio based on suitable risk/return characteristics.

Highly differentiated holdings compared to traditional fixed income
