

# NEI Impact Growth Portfolio

NEI

The Portfolio aims to provide long-term capital appreciation and generate income by investing in a mix of equity funds, income-oriented funds and thematic ETFs. The Portfolio invests exclusively in funds with impact mandates at the core of their investment approach.

## Key reasons to invest

- **Opportunity driven:** Potential to drive long-term outperformance via growth opportunities with secular tailwinds.
- **Growth oriented:** positioned to provide long term capital growth by investing primarily in global equities.
- **One-ticket solution:** Multi-asset portfolio that encompasses a broad array of opportunities.
- **Strategic asset allocation:** Designed to optimize the portfolio for a long-term investment horizon.
- **Tactical management:** Tactical asset allocation shifts to take advantage of short-term market dislocations.
- **Fully diversified:** Multi-level diversification by asset class, investment style, market capitalization and geography
- **Differentiated from benchmarks:** Underlying funds have unique exposures to growing sectors and issuers that are differentiated from their benchmarks.
- **Diversified by Impact themes:** Investments directed towards climate transition globally on the net-zero pathway, innovation to address the growing demand for food and energy, and technology innovation.
- **Global expertise:** Combining the expertise of NEI's global sub-advisors specializing in impact investing with NEI's asset allocation and responsible investing capabilities.

## Consider this fund if you

- Need an all-in-one investment solution for investors seeking long-term growth and income.
- Want active professional money management focused on generating performance across all investment cycles.
- Want a portfolio that makes a measurable improvement on society and the environment.
