What does the Fund invest in?

The investment objective of the Fund is to provide long-term capital growth with some income by investing primarily in equity and fixed income securities either directly or indirectly through investment in one or more investment funds.

The Top 10 investments chart shows the Fund's direct holdings. The investment mix chart is presented on a look-through basis and includes the underlying investments of any NEI Funds held by the Fund. The Fund's and the underlying funds' investments will change.

This information is not available because this is a new fund.

How risky is it?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

NEI Investments has rated the volatility of this Fund as **low to medium**.

Because this is a new fund, the risk rating is only an estimate by NEI Investments. Generally, the rating is based on how much the Fund's returns have changed from year to year. It doesn't tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

Low	**Low to Medium**	Medium	Medium to High	High

For more information about the risk rating and specific risks that can affect the Fund's returns, see the "What are the risks of investing in a mutual fund?" section of the Fund's simplified prospectus.

No guarantees

Like most mutual funds, this Fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the Fund performed?

This section tells you how Series A units of the Fund have performed. However, this information is not available because the Fund is new.

Year-by-year returns

This section tells you how Series A units of the Fund have performed in past calendar years. However, this information is not available because the Fund is new.

Best and worst 3-month returns

This section shows the best and worst returns for Series A units of the Fund in a 3-month period. However, this information is not available because the Fund is new.

Average return
This section shows the value and annual compounded rate of return of a hypothetical $1,000 investment in Series A units of the Fund. However, this information is not available because the Fund is new.

Who is this Fund for?

This Fund is an appropriate investment if:
- you are seeking a combination of long term growth and some current income, through an investment diversified by asset class, style and geography
- you are prepared for low to medium risk
- you are investing for the medium to long term

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the Fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series A units of the Fund. The fees and expenses - including any commissions - can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. You should ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

Purchases of Series A units of Funds offered by NEI Investments are available under the front-end sales charge option only.

Sales charge option	What you pay		How it works
	in percent (%)	in dollars ($)	
Front-end	0% to 5%	$0 to $50 on every $1,000 purchased	This is a front-end sales charge option in which you pay a commission to your representative's firm when you buy the units. You negotiate the rate of commission directly with your representative's firm, up to a maximum of 5%.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the Series' return. The Fund's expenses are made up of the management fee, fixed administration fee, any operating expenses that are not covered by the fixed administration fee and trading costs. The Series A annual management fee is 1.15% of the Series' value. The Series A fixed annual administration fee is 0.15% of the Series' value. Because this Series is new, its operating expenses and trading costs are not yet available.

More about the trailing commission
The trailing commission is an ongoing commission. It is paid for as long as you own the Fund. It is for the services and advice that your representative and his or her firm provide to you. NEI Investments pays the trailing commission to your representative's firm. It is paid from the Fund's management fee and is based on the value of your investment.

The trailing commission rate for the front-end sales charge option is 0% to 1.00% of the value of your investment each year. This equals $0 to $10.00 each year for every $1,000 invested.

3. Other fees

You may have to pay other fees when you buy, hold, sell, switch or convert units of the Fund.

Fee	What you pay
Short-term trading fee	For transactions in excess of $10,000, we may charge you 2% if a redemption occurs within 1 to 7 days, otherwise 1% within 8 to 29 days of purchase or switch payable directly to the Fund.
Switch or conversion fee	Up to 2% of the value of the securities you switch or convert may be charged to you and retained by your representative's firm as negotiated with your representative. However, you will not pay a conversion fee on NEI Investments-initiated conversions.
Insufficient funds fee	There will be a $25 fee for non-sufficient funds cheques returned or if there are insufficient funds in your account to pay for your units.

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund securities within two business days after you receive a simplified prospectus or fund facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, fund facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
